Professional nursing issues across the UK

3. Health Education England, Children's and Young People's workforce study – Hilary Cass (HC) & Pat Oakley (PO)

- HC & PO introduced themselves to the council and outlines goals of HEE.
- Explained the aims of the HEE CYP workforce project which includes examining nurse deployment and asked for help and consideration from the committee in regards to the areas posed in the briefing circulated to attendees.
- HC outlined key points of the briefing. Members in attendance questioned the accuracy of data in 'Nursing Workforce' points 5, 6, 7 & 8 referencing continuous need to update and quantify skills to remain on register and the need to pull Adult nurses to care for CYP.
- PO suggested representatives consider the issues to create modelling parameter for feedback
- Group discussed the 'Neonatal and Intensive Care Workforce' and 'Chronic Care Workforce'. D Corkin again highlighted staffing difficulties stating Northern Ireland recruiting more Adult nurses for study than CYP.
- PO and HC ask group to further review briefing and send on any opinions and views to FS who will collate and submit on behalf of all representatives on UKCCYPN

Post meeting note:

Briefings and contextual document circulated to UKCCYPN members with clear timeline for thoughts and views to be sent to FS for collation prior to submission. KO to send reminders as needed to prompt response.

4. Nursing Associates: Learning from pilot sites – Polly Hodgson, GOSH (see attached presentation)

- PH introduced herself and role at GOSH.
- Presented placement opportunities and two year course plan for nursing associates.
- PH highlighted the challenges faced by trainee nurse associates in the first six months and the ongoing challenges and opportunities of the programme.
- After the presentation JG commented on the lack of agreement in regulation across the four countries and how this is affecting the role of nurse associate.
- Attendees discussed the problems arising from the lack of financial support and how nursing associates are not accorded student status but is seen as a route into nursing.
- Issues concerning numeracy and literacy were discussed and how lesson plans will combat issues.

5. Public Health England – Nurse Clinical Champions & WHO Nursing and Midwifery Public Health Collaborating Centre – Wendy Nicholson, PHE (see attached presentation)

- WN introduced herself, her role at PHE and highlights the goals of WHO Collaborating Centre to the committee.
- Explained the aim of the collaborating centre is to ensure healthy living and promote wellbeing for all ages.
- To support WHO by generating evidence and defining frameworks of practice and provide information about nurses' (including health visitors) and midwives' role and impact on maternal and child health.
- WN highlighted future developments and collaborations which will increase the available resources and maximise impact.

- WN introduce the 'All Our Health' model and explained that its goals are to increase the visibility of health care professionals, to encourage change and to build a 'culture of health' in our society.
